About this Document

The Comprehensive Support Service Directory is a tool for NetworkRI staff and other workforce development network partners to locate and connect with support services and service providers throughout Rhode Island. The directory is designed to help staff locate a particular service or support based on a customer’s need. While not an exhaustive list of all providers or services, the Governor’s Workforce Board of Rhode Island hopes this directory assists NetworkRI staff in better serving their job seeker customers and helps provide a more complete picture of what services are available in the region.

The directory was developed in partnership with the United Way of Rhode Island 211 Service. This document is maintained electronically and will be periodically updated and revised on the Governor’s Workforce Board website at: http://gwb.ri.gov/workforce-partner-resources.

PLEASE HELP US KEEP THIS DIRECTORY UP TO DATE

While the State Workforce Development Board will strive to keep this document up to date and notify NetworkRI partners of updates or re-issues; we ask that any staff who becomes aware of any change relating to the programs contained in this directory, please notify the Board by emailing: DLT.GWINFO@DLT.RI.GOV. Thank you!

Person in need also must call 2-1-1 directly to be placed on the family shelter list or to get a referral to a shelter.

2-1-1 FAMILY SHELTER WAITLIST PROTOCOL

In order to get into a family shelter in Rhode Island, the head of the household needs to contact United Way 2-1-1 to do the intake and be placed on the list.

The intake is a series of questions required by the state.

After the intake is complete, the client is given their client ID number and told that they need to call 2-1-1 back once a week until a shelter contacts them for placement. This helps confirm those who still need shelter placement.

Once they are on the list, shelter placement can take anywhere from a week to a month or longer (depending on how many shelters they chose to be placed on the list for and how big the family is.)

The shelters have access to the information we gathered from the client at the initial intake. As soon as something becomes available, they contact the client directly.

For individual and domestic violence shelter placement, we do call them twice a day to get a bed count but we always refer people to call them as well as the numbers change pretty regularly.
